- Engage and educate communities on signs of HG challenges
- Workforce expansion and training

Family and Community Readiness

- Transportation lissues
- Housing for those in recovery

Data and Policy

- Supporting all Committees
- Policy submission management

A key resource: BHC Environmental Scan

What it is for:

- to provide those who are engaged in the BHC and its related agencies with a **current, targeted snapshot of agencies and organizations throughout the state that share responsibility and expertise to tackle behavioral health issues in Delaware.**

Why it matters:

- Lists and organizes agencies, organizations and departments that are focusing on 22 priority topics for this year
- Allows the BHC, Committees and others to see at a glance what agencies are tackling areas of need
- Shows where cross-talk and collaboration are either in place or ready to activate

Environmental Scan: The Network

Part of Year 2 Priorities

Targeted exploration

Programs, organizations
Policy influencers
Knowledge sources

Defining relevance to
BHC and Committee
priorities

Starting with what you
know!

Data from BHC, Committees, Informed Others

Children and Youth	Insurance	System of Care
Community Education	Interventions	Training
Corrections and Justice	Job availability and access	Transportation
Disabilities	Prevention	Trauma informed
Family support	Recovery support/therapies	Treatment
First response	Screening	Veterans
Health Provider Workforce	Services	
	Stigma	

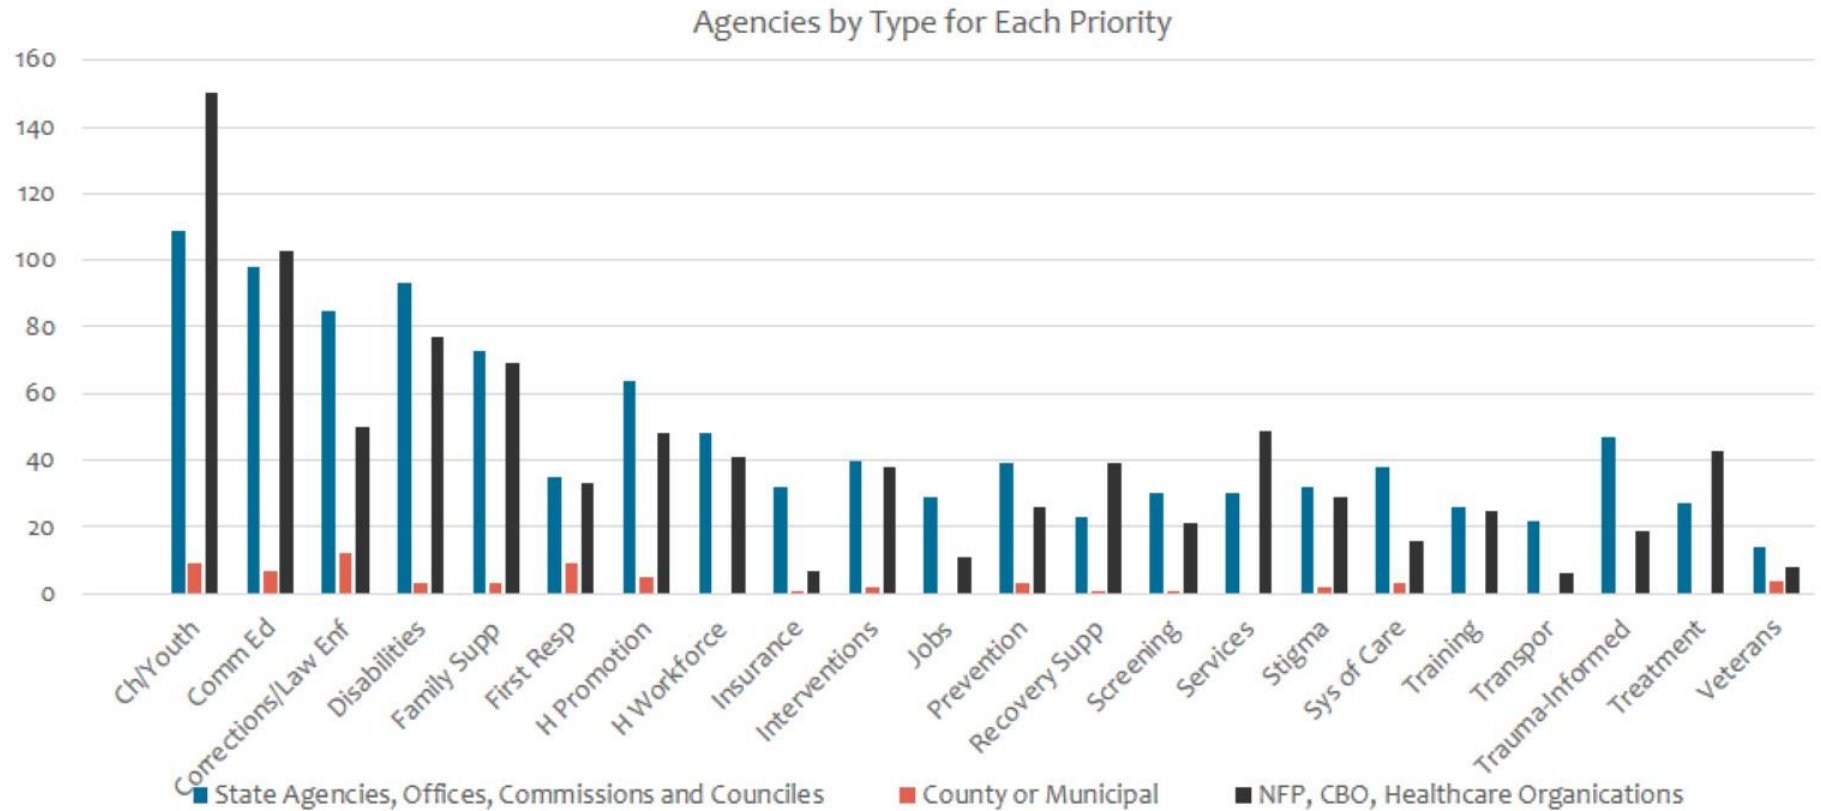

1a. What specific state agencies, divisions or office have responsibility for (THE KEY CONCEPT) to reduce behavioral health challenges?

1b. What specific local and county level supports exist for (THE KEY CONCEPT) to help reduce behavioral health challenges?

1c. What specific not-for-profit and community-based organizations support (THE KEY CONCEPT) to reduce behavioral health challenges?

Agencies by Type for Each Priority
