

FREE INFANT FORMULA

AVAILABLE TO DELAWARE PARENTS WITH CHILDREN 0-12 MONTHS OLD

The State of Delaware has partnered with Donate Delaware to distribute **canisters of Care A2+ infant formula.**

Health experts expect that one 28.2 oz canister of Care A2+ infant formula will last a few weeks depending on the child's age. One 28.2 oz canister will provide more than 20 eight-fluid-ounce baby bottles. It's important that you do not water down formula.

Learn more about the Free Infant Formula Program and view a full list of pick-up locations.
